September 8	September 15
October 6	October 20
November 10	November 17
December 1	

Acute Clinics are an opportunity for students to observe acute cases that Dr. Baker will be working on in an “Ask the Naturopath” client appointment environment. Bring your MRT and Iridology charts, flashlight, and any other tools equal to your current training level. Please RSVP by the Wednesday before the session date so that we can prepare a proper space and time for the Acute Clinic and study session to meet. When you confirm your attendance online, you can also reserve your space. Be sure to click on the link in your class email and follow all the check marks. If you are not in class that weekend, then send an email to contact@naturopathicinstitute.org to let us know your intentions.

Study sessions are available to students to get more one-on-one help with academic questions from class, as well as more hands-on work in practical areas like, using evaluation and assessment tools, i.e., muscle response testing, iridology, sclerology, etc. All student sessions are open to all students, not just the ones attending that weekend.

The last hour of study session will be dedicated to business strategies, tips, and tools. Bring your business questions and strategize with Dr. Baker and group on solutions. Subjects that may be covered are:

- Outside Contractors
- Marketing/Promotion
- Management Styles
- Signage
- Business Types
- Taxes

If there are no business questions, then study session will continue without interruption on the day's subjects.

Round Table begins at 4 p.m., goes until class time at 5 p.m. Round Table is EVERY Friday that school is in session.
