

January – December 2024

Student Acute Clinic, Special Topics, and Study Session Schedule

All scheduled dates are on Friday's and are open to all students. Unless otherwise noted, Acute Clinic is 11 a.m. – 2 p.m., and study sessions will be held from 2 p.m. – 4 p.m. Round Table will be from 4 p.m. – 5 p.m., every Friday that classes are offered. If there is a Specific Training Focus that day, it is scheduled from 11 a.m. – 4 p.m. Bring a healthy brain-food snack to share to get you through the afternoon.

Below are the Acute Clinic, Study Sessions, and Specific Training Focus dates. These sessions will be facilitated by Dr. Baker unless otherwise noted:

Date	Specific Training Focus	Date	Specific Training Focus
January 12	Acute Clinic / Study Session	July 12	Acute Clinic / Study Session
February 2	Acute Clinic / Study Session	August 9	Acute Clinic / Study Session
February 9	Naturopathic Technology	September 13	Acute Clinic / Study Session
March 8	Acute Clinic / Study Session	October 4	Acute Clinic / Study Session
April 5	Acute Clinic / Study Session	October 11	Mineral / Elements
April 26	Brain Dominance	November 1	Reflexology
May 3	Acute Clinic / Study Session	November 15	Acute Clinic / Study Session
May 17	Flower Remedies	December 6	Acute Clinic / Study Session
June 7	Iridology		
June 21	Acute Clinic / Study Session		

Acute Clinics are an opportunity for students to observe acute cases that Dr. Baker will be working on in an “Ask the Naturopath” client appointment environment. Bring your MRT and Iridology charts, flashlight, and any other tools equal to your current training level. Please RSVP by the Wednesday before the session date so that we can prepare a proper space and time for the Acute Clinic and study session to meet. When you confirm your attendance online, you can also reserve your space. Be sure to click on the link in your class email and follow all the check marks. If you are not in class that weekend, then send an email to contact@naturopathicinstitute.org to let us know your intentions.

Study sessions are available to students to get more one-on-one help with academic questions from class, as well as more hands-on work in practical areas like, using evaluation and assessment tools, i.e., muscle response testing, iridology, sclerology, etc. All student sessions are open to all students, not just the ones attending that weekend.

Specific Training Focus days are additional hands-on, practical opportunities to put the knowledge learned in class to work.

The last hour of study session will be dedicated to business strategies, tips, and tools. Bring your business questions and strategize with Dr. Baker and group on solutions.

Round Table begins at 4 p.m., goes until class time at 5 p.m. Round Table is **EVERY** Friday that school is in session.
