

January – November 2023 - UPDATED Student Clinic and Study Session Schedule

All scheduled dates are on Friday's and are open to all students. Unless otherwise noted, Acute Clinic is 11 a.m. – 2 p.m., and study sessions will be held from 2 p.m. – 4 p.m. Round Table will be from 4 p.m. – 5 p.m., every Friday that classes are offered. If there is a Specific Training Focus that day, it is scheduled from 11 a.m. – 4 p.m. Bring a healthy brain-food snack to share to get you through the afternoon.

Below are the Acute Clinic, Study Sessions, and Specific Training Focus dates. These sessions will be facilitated by Dr. Baker unless otherwise noted:

Date	Specific Training Focus	Date	Specific Training Focus
January 6	Acute Clinic/Study Session	January 13	Blood Type
February 3	Acute Clinic/Study Session	February 24	Evaluation and Assessment
March 3	Meridians		
April 14	Acute Clinic/Study Session	April 21	Brain Dominance
		May 19	Muscle Response Testing Basics
June 2	Acute Clinic/Study Session	June 16	CranioSacral Day – Dr. Howard
July 14	Iridology Day		
August 11	Herbal Day		
September 8	Acute Clinic/Study Session	September 15	Dr. Olree's Minerals Day
October 6	Acute Clinic/Study Session	October 20	Reflexology – Dr. Howard
November 10	Acute Clinic/Study Session	November 17	Vaccine Day
December 1	Elements of Man		

Acute Clinics are an opportunity for students to observe acute cases that Dr. Baker will be working on in an “Ask the Naturopath” client appointment environment. Bring your MRT and Iridology charts, flashlight, and any other tools equal to your current training level. Please RSVP by the Wednesday before the session date so that we can prepare a proper space and time for the Acute Clinic and study session to meet. When you confirm your attendance online, you can also reserve your space. Be sure to click on the link in your class email and follow all the check marks. If you are not in class that weekend, then send an email to contact@naturopathicinstitute.org to let us know your intentions.

Study sessions are available to students to get more one-on-one help with academic questions from class, as well as more hands-on work in practical areas like, using evaluation and assessment tools, i.e., muscle response testing, iridology, sclerology, etc. All student sessions are open to all students, not just the ones attending that weekend.

Specific Training Focus days are additional hands-on, practical opportunities to put the knowledge learned in class to work.

The last hour of study session will be dedicated to business strategies, tips, and tools. Bring your business questions and strategize with Dr. Baker and group on solutions.

Round Table begins at 4 p.m., goes until class time at 5 p.m. Round Table is **EVERY** Friday that school is in session.
